Independent Auditor's Report

To the Members of Indivinity Clothing Retail Private Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying Financial Statements of Indivinity Clothing Retail Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

To the Members of Indivinity Clothing Retail Private Limited
Report on Audit of the Financial Statements
Page 2 of 4

Responsibilities of management and those charged with governance for the Financial Statement

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
8. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

To the Members of Indivinity Clothing Retail Private Limited
Report on Audit of the Financial Statements
Page 3 of 4

9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
10. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

11. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
12. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) Clause (i) of Section 143(3) on internal financial controls with reference to financial statements is not applicable pursuant to notification G.S.R 583(E) dated 13 June 2017.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company has long-term contracts as at March 31, 2023, for which there were no material foreseeable losses. The Company did not have any Derivative contracts as at March 31, 2023.
 - iii. There were no amounts which were required to be transferred to Investor Education and Protection Fund by the company during year ended March 31, 2023.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise,

INDEPENDENT AUDITOR'S REPORT

To the Members of Indivinity Clothing Retail Private Limited
Report on Audit of the Financial Statements
Page 4 of 4

that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 51(vi)(a) to the financial statements);

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 51(vi)(b) to the financial statements); and

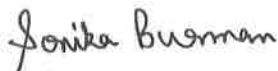

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 (as amended), which provides for books of account to have the feature of audit trail, edit log and related matters in the accounting software used by the Company, is applicable to the Company only with effect from financial year beginning April 1, 2023, the reporting under clause (g) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), is currently not applicable.

13. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditors' Report

Referred to in paragraph 11 of the Independent Auditors' Report of even date to the members of Indivinity Clothing Retail Private Limited on the Financial Statements as of and for the year ended March 31, 2023
Page 1 of 4

- i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company is maintaining proper records showing full particulars of Intangible Assets.

(b) The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

(c) According to the information and explanations given to us and the records of the Company examined by us, the Company does not own any immovable properties. Refer Note 3 to the financial statements. Therefore, the provisions of clause 3(i)(c) of the Order are not applicable to the Company.

(d) The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets) and intangible assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.

(e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.
- ii. (a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory and have been appropriately dealt with in the books of account.

(b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The bank has explained to the management that there is no need for the Company to file the quarterly returns or statements with such bank and accordingly, the question of our commenting on whether the returns or statements are in agreement with the unaudited books of account of the Company does not arise. Also refer Note 51(ii) to the Financial Statements.
- iii. The Company has not made any investments, granted secured/ unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Therefore, the reporting under clause 3(iii), (iii)(a), (iii)(b), (iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.
- iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.

Annexure A to Independent Auditors' Report

Referred to in paragraph 11 of the Independent Auditors' Report of even date to the members of Indivinity Clothing Retail Private Limited on the financial statements as of and for the year ended March 31, 2023
Page 2 of 4

- v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues, including income tax, provident fund, employees' state insurance, professional tax and labour welfare fund and goods and services tax and other material statutory dues, as applicable, with the appropriate authorities.
(b) According to the information and explanations given to us and the records of the Company examined by us, there are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute.
- viii. According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix. (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
(b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
(c) In our opinion, and according to the information and explanations given to us, the term loans have been applied for the purposes for which they were obtained.
(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
(e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Therefore, the reporting under clause 3(ix)(e) and 3 (ix)(f) of the order are not applicable to the Company.
- x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the

Annexure A to Independent Auditors' Report

Referred to in paragraph 11 of the Independent Auditors' Report of even date to the members of Indivinity Clothing Retail Private Limited on the financial statements as of and for the year ended March 31, 2023
Page 3 of 4

information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv. The Company is not mandated to have an internal audit system during the year.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group has 8 CICs (registered and unregistered) as part of the Group as mentioned in note 51 (xii) to the financial statements. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.
- xvii. The Company has incurred cash losses of Rs. 2,962.45 lacs in the financial year and of Rs. 2,322.64 lacs in the immediately preceding financial year.

Annexure A to Independent Auditors' Report

Referred to in paragraph 11 of the Independent Auditors' Report of even date to the members of Indivinity Clothing Retail Private Limited on the financial statements as of and for the year ended March 31, 2023

Page 4 of 4

- xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause (xviii) is not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial ratios (Also refer Note 45 to the financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.
- xx. The provisions relating to Corporate Social Responsibility under Section 135 of the Act are not applicable to the Company. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

1. Corporate information

Indivinity Clothing Retail Private Limited (the "Company"), a private company domiciled in India, is incorporated on March 03, 2021 under the provisions of the Companies Act, 2013. The registered office of the Company is located at P No 708, Sector 37, Pace City II, Gurgaon, Haryana- 122001.

The Company is primarily engaged in manufacturing and trading of readymade garments being men's ethnic wear like apparel, jewellery and related accessories. The Company is principally engaged in business under the brand name TASVA.

The financial statements have been approved and adopted by the Board in their meeting held on May 05, 2023.

2. Significant accounting policies

2.1 Basis of preparation

(i) Compliance with Ind AS

The Financial Statements comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except for the following which have been measured at fair value:

- Defined benefit plans – plan assets measured at fair value.

(iii) New and amended standards adopted by the Company

The Ministry of Corporate Affairs had vide notification dated 23 March, 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amended certain accounting standards, and are effective 1 April 2022:

- Ind AS 16, Property, Plant & Equipment - Proceeds before intended use of property, plant and equipment.
- Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets - Onerous Contracts – Costs of Fulfilling a Contract.
- Ind AS 103, Business Combination - Reference to the Conceptual Framework.
- Ind AS 109, Financial Instruments – Fees included in the 10 percent test for derecognition of financial liabilities.

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) New amendments issued but not effective

The Ministry of Corporate Affairs has vide notification dated 31 March, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective 1 April, 2023. The Rules predominantly amend Ind AS 12, Income taxes, and Ind AS 1, Presentation of financial statements. The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions. Specifically, no changes would be necessary as a

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

consequence of amendments made to Ind AS 12 as the Company's accounting policy already complies with the now mandatory treatment.

2.2 Critical accounting estimates, assumptions and judgements

The preparation of Financial Statements requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and disclosure of contingent liabilities at the date of the Financial Statements and the results of operations during the reporting period. The actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

In the process of applying the Company's accounting policies, the management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the Financial Statements:

(a) Property, plant and equipment

The management engages internal technical team to assess the remaining useful lives and residual value of property, plant and equipment. The management believes that the assigned useful lives and residual value are reasonable.

(b) Intangible assets

Internal technical or user team assess the remaining useful lives of Intangible assets. The Management believes that assigned useful lives are reasonable.

(c) Income taxes

The management's judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets / liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the Financial Statements.

(d) Contingencies

The management's judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(e) Allowance for doubtful trade receivables

Trade receivables are stated at their amortised cost as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

2.3 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.4 Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment loss if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company, and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is de-recognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss, during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is calculated on a straight-line basis over the useful life of the asset estimated by the management. Depreciation on additions is provided on a pro rata basis from the month of installation or acquisition. Depreciation on deletions/ disposals is provided on a pro rata basis upto the month preceding the month of deletions/ disposals. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The Company has used the following rates to provide depreciation on its tangible fixed assets:

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

(a) Assets where useful life is same as Schedule II

Assets	Useful life as prescribed by Schedule II of the Companies Act, 2013
Office equipment's	5 years
Electrical fittings, installations and equipment's	10 years

(b) Assets where useful life differ from Schedule II

Assets	Useful life as prescribed by Schedule II of the Companies Act, 2013	Estimated useful life
Plant and machineries	15 years	20 years
Furniture and fixtures – retail stores	10 years	5 years
Furniture and fixtures – other than retail stores	10 years	7 years
Vehicles	10 years	5 years
Computers	3 years for end user devices and 6 years for servers	4 years

Useful life of assets different from that prescribed in Schedule II has been estimated by the management, supported by technical assessment. The residual values are not more than 5% of the original cost of the asset.

Leasehold assets

Assets	Estimated useful life
Leasehold improvements at stores	5 years or period of lease, whichever is lower
Leasehold improvements other than stores	Period of lease

Interiors has been treated as part of leasehold improvements. Therefore, useful life shall be based on period of lease.

Items of property, plant and equipment individually costing less than five thousand rupees, are depreciated within one year from the date the asset is ready to use.

Gains or losses on disposal of property, plant and equipment are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss within other gains/ losses.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Capital work in progress

Assets in the course of construction are capitalised in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised when the asset is available for use but incapable of operating at normal levels until the period of commissioning has been completed. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

2.6 Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment.

Intangible assets are amortised over the useful economic life and assessed for impairment, whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a useful life are reviewed at least at the end of each reporting period. The amortisation expense on intangible assets is recognised in the Statement of Profit and Loss.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de-recognised.

Amortisation methods and periods

A summary of amortisation policies applied to the Company's intangible assets is as below:

Intangible assets	Useful life	Amortisation method used
Computer software	3 years	Amortised on straight-line basis

2.7 Leases

The Company assesses at contract inception, all arrangements to determine whether they are, or contain, a lease. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

- The contract involves the use of an identified asset;
- The Company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use; and
- The Company has the right to direct the use of the asset.

The Company therefore accounts if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company is not a lessor in any transactions, it is only a lessee.

Company is the lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date when the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are amortised on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

(ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term, discounted using Company's incremental borrowing cost. The lease payments include fixed payments (and, in some instances, in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In addition, the carrying amount of lease liabilities is re-measured if there is a modification arising due to change in the lease term, change in the lease payments or a change in the assessment of an option to purchase the underlying asset. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(iii) Short term leases and lease of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases of equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company is the lessor

For leases considered as finance lease, the original right-of-use asset is reclassified and recognised as Net Investment in lease and the original lease liability is accounted for based on the accounting for a lease liability in a finance lease. The finance income is recognised over the period of lease.

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining the operating lease are added to the carrying value of the underlying assets and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

2.8 Financial assets

A. Classification and initial recognition

Financial assets are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the asset. The Company determines the classification of its financial assets at initial recognition. The Company classifies the financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through profit or loss, or through other comprehensive income)
- Those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI).

At initial recognition, the Company measures a financial asset (excluding trade receivables which do not contain a significant financing component) at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit or Loss.

B. Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

a. Financial assets at fair value through profit or loss (FVPL):

Financial assets at fair value through profit or loss include financial assets held for trading and those designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling in the near term. Derivatives are classified as held for trading unless they are designated as effective hedging instruments. Financial assets are designated upon initial recognition at fair value through profit or loss when the same are managed by the Company on the basis of their fair value and their performance is evaluated on fair value basis in accordance with a risk management or investment strategy of the Company. Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with changes in fair value recognised in other income in the Statement of Profit and Loss.

b. Financial assets measured at amortised cost

Assets that are held for collection of contractual cash flows, where the assets' cash flows represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets is included in other income in the Statement of Profit and Loss.

c. Fair value through other comprehensive income (FVOCI):

Financial assets are measured at fair value through other comprehensive income (OCI) if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

C. Derecognition

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

D. Impairment of financial assets

The Company assesses on forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

E. Income recognition - Interest

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.9 Financial Liabilities

Financial liabilities of the Company are contractual obligation to deliver cash or another financial asset to another entity.

The Company's financial liabilities includes borrowings, lease liability, trade and other payables.

Classification, initial recognition and measurement

Financial liabilities are recognised initially at fair value. Transaction costs that are directly attributable to the issue of financial liabilities (other than financial liabilities carried at fair value through profit or loss) are deducted from the fair value measured on initial recognition of financial liability. Financial liabilities are subsequently measured at amortised cost.

Subsequent measurement

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate ('EIR') method. Gains and losses are recognised in profit or loss when the liabilities are derecognised.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance cost.

2.10 Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

2.11 Fair value measurements and hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability; or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use, or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances, and for which sufficient data are available to measure the fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy based on its nature, characteristics and risks:

- Level 1 - inputs are quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 - valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level of input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.12 Inventories

Inventories including stores and spares are valued at the lower of cost and the net realisable value. The Cost of individual items of inventory are determined using weighted average method. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

2.13 Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.14 Impairment of non-financial assets

Property, plant and equipment and Intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.15 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.16 Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects group's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

2.17 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the Statement of Profit and Loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

2.18 Provisions and contingent liabilities

Provision

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements.

2.19 Retirement and other employee benefits

(a) Short-term employee benefits

Short-term employee benefits are recognised as an expense on accrual basis.

(b) Defined contribution plan

The Company makes defined contribution to the Government Employee Provident Fund, which are recognised in the Statement of Profit and Loss, on accrual basis. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. The Company has no obligation, other than the contribution payable to the provident fund.

(c) Defined benefit plan - Gratuity

The liability recognised in the balance sheet is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(d) Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long-term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise. The

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(e) Share based payments

Employees of the Group (Companies forming part of Aditya Birla Group) receive remuneration in the form of equity-settled instruments and stock appreciation rights for rendering services over a defined vesting period. Equity settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date using an appropriate valuation model.

The Group has created an "ABFRL Employee Welfare Trust" (ESOP Trust) and uses it as a vehicle for distributing shares to employees under the Employee Stock Option Scheme 2019 or any subsequent Stock Option Scheme. The trust purchase shares of the Company from the market, for giving shares to employees. The Group treats trust as its extension and shares held by trust are treated as treasury shares.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the Statement of Profit and Loss, such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity settled share options outstanding account.

For cash-settled share-based payment, a liability is recognised for the goods or services acquired, measured initially at the fair value of the liability using a binomial method. At the end of each reporting period until the liability is settled and at the date of settlement, the fair value of the liability is re-measured, with any changes in the fair value recognised in 'Employee benefits expense' in the Statement of Profit and Loss for the year.

2.20 Foreign currencies

Transactions and balances:

Transactions in foreign currency are recorded applying the exchange rate at the date of transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the end of the year, are translated at the closing exchange rates prevailing on the Balance Sheet date.

Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit and Loss.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income (OCI) or the Statement of Profit and Loss are also reclassified in OCI or the Statement of Profit and Loss, respectively).

2.21 Revenue from contract with customers

The Company is primarily engaged in the business of manufacturing and retailing high end garments. Revenue from contracts with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenues when a performance obligation is satisfied.

(i) Sale of goods- wholesale

The Company manufactures and sells a range of readymade garments being men's ethnic wear like apparel, jewellery and related accessories to the wholesaler. Sales are recognised when control of the goods has transferred, being when the products are delivered to the wholesaler, the wholesaler has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the wholesaler's acceptance of the products. Delivery occurs when the goods have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the wholesaler, and either the wholesaler has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the group has objective evidence that all criteria for acceptance have been satisfied.

Revenue from these sales is recognised based on the price specified in the contract. Revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A refund liability (included in other current liabilities) is recognised for expected sales return from customers in relation to sales made until the end of the reporting period. No significant element of financing is deemed present as the sales are made with a credit term of 30 days, which is consistent with market practice.

(ii) Sale of goods- retail

The Company operates a chain of retail stores selling readymade garments being men's ethnic wear like apparel, jewellery and related accessories. Revenue from the sale of goods is recognised when a group entity sells a product to the customer. Payment of the transaction price is due immediately when the customer purchases the goods and takes delivery in store. The Company does not have a return policy for retail customer and hence no refund liability created in the books for retail sale.

2.22 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur in the Statement of Profit and Loss.

Borrowing cost includes interest and other costs incurred in connection with the arrangement of borrowings.

Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.23 Taxes

Current tax

The Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in India.

The management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate.

Indivinity Clothing Retail Private Limited
Notes to the financial statements for the year ended March 31, 2023

Deferred tax

Deferred tax is recognised on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or a liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor the taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or a liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor the taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date, and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current tax and deferred tax relating to items recognised outside the Statement of Profit and Loss are recognised outside the Statement of Profit and Loss (either in OCI or in equity). Current tax and deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

2.24 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.25 Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Board of Directors of the Company is identified as the Chief Operating Decision Maker ("CODM"), CODM evaluates the performance of the Company based on the single operative segment for the purpose of allocation resources and evaluating financial performance.

No trade receivables are due from directors or other officers of the Company either severally or jointly with any other person.

Trade receivables are non-interest bearing and are generally on terms of 30 days.

The Company creates allowance for all trade receivables based on lifetime expected credit loss model (ECL). The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. Based on the evaluation made by the management, no expected credit loss has been recognised in the current year and previous year.

Impact of deferred tax created unabsorbed losses and depreciation of previous year		-
Tax effect of amounts which are not temporary in nature	(3.54)	-
-others	(3,310.34)	-
Components of other comprehensive income (OCI)	Year ended March 31, 2023	Year ended March 31, 2022
Re-measurement gain on defined benefit obligation	20.77	2.48
Income tax effect	(5.23)	-
Total	15.54	2.48

40 Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the loss for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the loss attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the loss and share data used for the basic and diluted EPS computation:

	Year ended March 31, 2023	Year ended March 31, 2022
Loss attributable to equity holders for basic earnings	(6,768.41)	(3,059.11)
Weighted average number of equity shares	43,565,649	35,000,000
Basic earnings per share	(15.54)	(8.74)
Diluted earnings per share	(15.54)	(8.74)

Note: There are no diluted instruments.

The above table also explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortized cost and for which fair values are disclosed in the Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Indian Accounting Standard. An explanation of each level follows underneath.

Level 1: Fair value of financial instruments traded in active market is based on quoted market price at the end of the reporting year.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfer between levels during the year.

47 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of lease liabilities, trade payables and employee related payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalent that derive directly from its operations. The Company does not enter into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is responsible to ensure that Company's financial risk activities which are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk.

The sensitivity analyses in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt as at March 31, 2023.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations and provisions.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has debt obligations with floating interest rates, hence, is exposed to interest rate risk.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on borrowings, as follows:

	As at March 31, 2023		As at March 31, 2022	
Basis points (%)	0.50% increase	0.50% decrease	0.50% increase	0.50% decrease
Increase/ (decrease) on loss before tax	23.18	(23.18)	-	-

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in the prior years.

(b) Foreign currency risk

The Company is not exposed to foreign currency risk as at reporting date.

(ii) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. To manage this, the Company yearically assesses financial reliability of customers and other counterparties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and yearically reviewed on the basis of such information. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

The Company only deals with parties which has good credit rating given by external rating agencies or based on the Company's internal assessment.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable dues where recoveries are made, these are recognised as income in the Statement of Profit and Loss.

The Company is exposed to credit risk from its operating activities (primarily trade receivables and security deposits).

Indivinity Clothing Retail Private Limited

CIN: U18109HR2021PTC093323

Notes to the financial statements for the year ended March 31, 2023

(All amounts are in ₹ Lakhs, unless otherwise stated)

(a) Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

The majority of the sales of the Company happens in cash. The Company does not have significant trade receivables. An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on exchange losses historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed below. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low on the basis of past default rates of its customers.

(b) Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's finance committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's financing activities are managed centrally by maintaining an adequate level of cash and cash equivalents to finance the Company's operations. The Company has substantial trade receivable balance which is expected to be recovered within 12 months. The Company also uses cash credit and bank loans as a mode of funding. The Company manages its surplus funds centrally by placing them with reputable financial institution with high credit rating and no history of default.

The below tables summarises the maturity profile of the Company's financial liabilities based on contractual payments (undiscounted basis):

	Less than 1 year	1 to 5 years	More than 5 years	Total
As at March 31, 2023				
Trade payables	4,650.95	-	-	4,650.95
Borrowings	1,136.23	3,500.00	-	4,636.23
Lease liabilities	4,204.16	22,539.72	19,429.26	46,173.14
Other financial liabilities	1,378.54	196.78	-	1,575.32
	11,369.88	26,236.50	19,429.26	57,035.64
	Less than 1 year	1 to 5 years	More than 5 years	Total
As at March 31, 2022				
Trade payables	1,656.40	-	-	1,656.40
Lease liabilities	1,071.42	6,090.95	2,945.10	10,107.47
Other financial liabilities	716.54	-	-	716.54
	3,444.36	6,090.95	2,945.10	12,480.41

48 Capital management

The Company's objective, when managing capital is to ensure the going concern operation and to maintain an efficient capital structure to reduce the cost of capital, support the corporate strategy and meet shareholder's expectations. The policy of the Company is to borrow through banks/ financial institutions supported by committed borrowing facilities to meet anticipated funding requirements. The Company manages its capital structure and makes adjustments in the light of changes in economic conditions and the requirement of financial markets.

The capital structure is governed by policies approved by the Board of Directors, and is monitored by various metrics. Funding requirements are reviewed yearly with any debt issuances. Since, the entity is entirely funded through equity, it is not required to compute the capital gearing ratio.

Indivinity Clothing Retail Private Limited

CIN: U18109HR2021PTC093323

Notes to the financial statements for the year ended March 31, 2023

(All amounts are in ₹ Lakhs, unless otherwise stated)

49 Defined Contribution and Defined benefit Plans**A. Defined contribution plans**

(i) Employers' contribution to Provident Fund

The Company has defined contribution plan in form of Provident Fund for qualifying employees. Contributions are made to provident fund for employees at the rate of 12% of salary as per regulations. The contributions are made to Employee Provident Fund Organisation (EPFO) registered provident fund administered by the Government of India. The obligation of the Company is limited to the amount contributed and it has no further contractual or constructive obligation.

The expense recognised during the year towards defined contribution plan is Rs. 65.49 Lakhs (March 31, 2022: Rs. 21.55 Lakhs)

B. Defined benefit plans

The Company operates gratuity plan through a Trust wherein every employee is entitled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement, whichever is earlier. The benefit vests after five years of continuous service. In case of some employees, the Company's scheme is more favourable as compared to the obligation under Payment of Gratuity Act, 1972. A part of the gratuity plan is funded and another part is managed within the Company, hence the liability has been bifurcated into funded and unfunded.

The following tables summarises the components of net benefit expense recognised in the Statement of Profit and Loss and Balance Sheet for the respective plans:

(i) Changes in the Defined Benefit Obligations (DBO) are as follows:

	Year ended March 31,2023	Year ended March 31, 2022
Defined benefit obligation as at the beginning of the year	55.32	-
Current service cost	19.58	8.74
Interest cost on defined benefit obligation	4.68	2.23
Changes in financial assumptions	(3.02)	(2.58)
Experience adjustments	(17.75)	0.10
Benefits paid	(15.38)	-
Acquisition adjustment	12.55	46.83
Closing defined benefit obligation at the end of year	55.98	55.32
Classification of Defined benefit obligation		
Current	3.60	10.35
Non-current	52.38	44.97

(ii) Net benefit expense recognised through the Statement of Profit and Loss and other other comprehensive income**Total expenses recognised in the Statement of Profit or Loss**

	Year ended March 31,2023	Year ended March 31, 2022
Current service cost	19.58	8.74
Past service cost	-	-
Net interest cost/(income) on the net defined benefit liability/(asset)	4.68	2.23
Total Expense recognised under employee benefits expense (refer note 35)	24.26	10.97

Total expenses recognised in the other comprehensive income

Changes in demographic assumptions	(3.02)	(2.58)
Changes in financial assumptions	(17.75)	0.10
Experience adjustments	(20.77)	(2.48)
Total		

Indivinity Clothing Retail Private Limited

CIN: U18109HR2021PTC093323

Notes to the financial statements for the year ended March 31, 2023

(All amounts are in ₹ Lakhs, unless otherwise stated)

- (iii) The principal assumptions used in determining gratuity defined benefit obligations for the Company are shown below:

	Year ended March 31, 2023	Year ended March 31, 2022
Discount rate	7.45%	6.90%
Salary Growth rate	8.00%	8.00%
Retirement age	60	60
Attrition rate		
Upto 30 Years	18.00%	18.00%
31-40 Years	15.00%	15.00%
Above 40 Years	10.00%	10.00%
Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14

- (iv) The following represents expected cash flow profile for the defined benefit plan in future years :

	Year ended March 31, 2023	Year ended March 31, 2022
Within the next 12 months	3.60	7.01
Between 2 and 5 years	19.21	19.34
Between 6 and 10 years	25.97	20.48
Beyond 10 years	82.75	72.49
Total	131.53	119.32

- (v) A quantitative sensitivity analysis for significant assumption is as shown below:

The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting year, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Impact of defined benefit obligation - increase/ (decrease)

	Year ended March 31, 2023	Year ended March 31, 2022
Defined Benefit obligation (Base)	55.98	55.32

	As at March 31, 2023		As at March 31, 2022	
	Decrease	Increase	Decrease	Increase
Sensitivity level				
Discount rate (-/+ 0.5%)	2.73	(2.54)	2.58	(2.39)
Salary growth rate (-/+ 0.5%)	(2.54)	2.71	(2.38)	2.54
Attrition rate (-/+ 50%)	15.33	(7.72)	13.14	(5.24)
Mortality rate (-/+ 10%)	(0.07)	0.07	(0.05)	0.05

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting year) has been applied as when calculating the Defined benefit recognised in the balance sheet. The methods and types of assumptions used in preparation, the sensitivity analysis did not change compared to the prior year.

- (vi)
- Risk Exposures**

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Salary Increases: Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Investment Risk: If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.

- (vii)
- Defined benefit liability and employer contribution**

The Company monitors the deficit in defined benefit obligation and endeavours to meet such deficit within reasonable future. The objective is to ensure adequate investments of funds, at appropriate time, to generate sufficient corpus for future payments.
