(b) The Method used and assumptions made to incorporate the effects of expected early exercise Not applicable, as the Scheme does not provide for early exercise.

(c) How expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility and

Expected volatility of the Company's stock price is based on the Company's comparable peer group's stock price on NSE based on the price data of the last 3 (three) years upto the date of grant as the Company was listed only for a few months prior to the date of grant.

(d) Whether and how any other features of the Options and RSUs grant were incorporated into the measurement of fair value, such as a market condition

The expected volatility reflects the assumptions that the historical volatility over a period similar to the life of the options and RSUs is indicative of future trends, which may not necessarily be the actual outcome.

Following factors have been considered: -

- i. The closing price of the Company's share on NSE on the date previous to the grant date.
- ii. In view of accumulated losses of previous years, the Company has not declared any dividend. Accordingly, no adjustment is made to the aforesaid closing price for the expected dividend yield over the expected life of the options and RSUs.
- iii. Yield of Subsidiary General Ledger ("SGL") transactions in government dated securities (i.e. Government securities issued by RBI on behalf of Government of India in dematerialized form) for maturity with a term equal to the average expected life of the options and RSUs has been taken as the risk free interest rate.
- iv. The average expected remaining life of the options and RSUs as on the valuation date, i.e. the period upto the vesting date plus the average of the exercise period correspondence to each vesting.
- v. Implied volatility of the Company's stock price on NSE Is based on the price data of previous years up to the date of valuation to commensurate with the expected term of the options/RSUs.
- vi. Options and RSUs exercise price has been adopted as represented by the Management of the Company.
