China’s Moonshot plans IPO in 6 months after AI breakthrough

Moonshot AI has told investors it’s preparing to list in as early as six months, seizing the opportunity to tap capital markets after its latest model upended industry perceptions of China’s burgeoning capabilities and sent global tech stocks reeling. The Chinese AI pioneer has officially distributed the shareholder resolution to its investors, seeking the blessing of its backers on a Hong Kong listing, people familiar with the matter said. The initiation of the notification process indicates an IPO could happen as soon as within the next half a year.

Facebook and Instagram users report outage

Meta’s Instagram and Facebook social networks appeared to suffer some outages on Sunday, with users reporting issues with the app and website. According to Downdetector, “there were 4,808 reports filed by Facebook users in the United States as of 0746 GMT”, with 63% of users facing issues accessing the website. Another 2,829 reports were filed by Instagram users in the US, “who faced issues with the app as of 0818 GMT on Sunday”. Checks by Reuters found that access to Facebook and Instagram was intermittent in Singapore. Meta immediately didn’t reply to a request for comment.

Chip stock selloff hits institutional demand for CXMT’s \$8.6 bn IPO

Chinese chipmaker CXMT Corp’s \$8.6 billion initial public offering (IPO) was over 500 times oversubscribed by institutional investors, according to a filing on Sunday, but the demand was less feverish than in recent Chinese tech IPOs, reflecting caution amid a global selloff in chip stocks. Attention will now shift to CXMT’s listing expected later this month on Shanghai’s STAR Market, which will test the market ahead of a slew of other high-profile IPOs as Beijing pushes for self-sufficiency in its tech rivalry with Washington. In a statement on Sunday, CXMT, China’s top memory chipmaker, said institutional investors, including mutual funds, pension funds and insurers subscribed for a total of 1.24 trillion shares, compared with 2.17 billion IPO shares on offer to them.

Spaisha Capital partners OpenAI for AI-powered investing in India

Spaisha Capital Ltd, a fintech company and discount broker, has partnered OpenAI to integrate advanced artificial intelligence across the investing and trading journey, bringing personalised insights and advisory support to its retail investors. This will enable the delivery of personalised, AI-driven advisory and decision support across the investing journey, making Spaisha Capital the first broking platform to make its services accessible within ChatGPT, the company said in a statement on Sunday. “By combining Spaisha’s deep understanding of investor needs with OpenAI’s cutting-edge AI capabilities, we aim to create a more intuitive, personalised, and informed investing experience, while ensuring that investors remain firmly in control of their decisions,” the company’s MD and CEO, Gaurav Seth, said.

Data centres to drive exponential increase in server demand: Lenovo

AVIK DAS Bengaluru, 19 July

Lenovo India expects the surge in demand for data centres in India to exponentially drive up its enterprise and artificial intelligence (AI) server business in the next two to three years, said Country Head Shailendra Katyal.

Though the server business is still small compared to the personal computer, smart devices, and managed services businesses, it still holds an 8-9 per cent market share, putting it right behind Dell and HP. The total market size is currently about \$2 billion.

“It’s a small business market but likely to expand with all the data centre tax holidays the government announced in this

year’s budget. We’re seeing a lot of action. So, the combination of data sovereignty and data protection is creating a very positive force for a lot of server demand,” Katyal, vice president and managing director, Lenovo India, told Business Standard in an interaction.

India’s power demand in its data centre business is expected to touch about 8 gigawatt (Gw) by 2030, according to research firm Jefferies, up from about 1.5-1.7 Gw last year, as hyperscalers pour billions of dollars in AI infrastructure. Almost 70 per cent of it is now being driven by Google, Amazon Microsoft and Meta. Such AI data centres also need sophisticated servers and racks for higher compute, which also drives the need for more power.

Lenovo says the ecosystem

“THE COMBINATION OF DATA SOVEREIGNTY AND DATA PROTECTION IS CREATING A VERY POSITIVE FORCE FOR A LOT OF SERVER DEMAND”

Shailendra Katyal VP& MD, Lenovo India

has moved significantly toward graphic processing unit (GPU) servers, which are dominated by Nvidia, away from standard traditional servers.

“But I think we have a relevant play in both. In the traditional part too, our share is going up. And on the GPU side, we announced gigafactory capability with Nvidia. So, anyone who wants to set up a giga capacity, we will be able to

become twice or thrice its current size because now there is pressure to have data centres within India.”

He said it’s difficult to immediately predict how big Lenovo’s slice of that pie will be as the policy incentives are new. Predicting the numbers becomes tricky as soon as the infrastructure is built based on GPU demand, and it will take a few years to assess.

Lenovo India’s revenue for the last financial year was about \$4.2 billion, up 23 per cent compared to a year earlier, which was about 5 per cent of the company’s \$83 billion. The growth was led by the PC business, where the company is ranked number three with 21 per cent market share behind Dell and HP.

Plazza raises \$15 mn to scale AI-powered drug delivery

PEERZADA ABRAR Bengaluru, 19 July

Plazza, a quick-commerce startup focused on medicine delivery, has raised \$15 million in a Series-A funding round, co-led by Accel, Elevation Capital and Nexus Venture Partners, with participation from existing investors All In Capital and Better Capital.

The fresh capital will be used to strengthen Plazza’s technology platform, deepen its AI-driven inventory and assortment intelligence, build operational capabilities, and expand its pharmacy network into new geographies.

Founded by Aman Priyadarshi in 2024, the company aims to address medicine availability by combining AI-powered inventory management with 15-30 minute delivery. Unlike traditional pharmacies that optimise for walk-in retail or e-pharmacies that prioritise inventory over speed, the company has built a new operating model for pharmacy retail, combining AI-powered inventory intelligence, deep medicine availability, and to solve one of India’s most persistent healthcare access challenges.

While India’s pharmaceutical retail market exceeds \$30 billion, neighbourhood pharmacies typically stock only around 5,000 medicines out of a market comprising more than 100,000 stock-keeping units, resulting in prescription fill rates of just 50-60 per cent.

“Medicine availability shouldn’t depend on luck. Patients shouldn’t have to visit multiple pharmacies or wait days for essential medicines simply because inventory is fragmented. We believe pharmacy retail needs to be rebuilt around technology, not shelves,” said Aman Priyadarshi, founder and chief executive officer, Plazza.

“This investment allows us to strengthen the intelligence behind every Plazza store, expand into new neighbourhoods, and build a pharmacy experience that customers can consistently rely on.”

\$21 BILLION SUBSIDY BET

India may emerge among top 5 semicon players

SURAJEET DAS GUPTA New Delhi, 19 July

The Centre’s over \$21 billion (₹2.03 trillion) subsidy bet on semiconductors (semicon) — which includes the latest announcement of a ₹1.27 trillion incentive scheme last week — is expected to bring India closer to its ambitious target to become among the top-5 players in the global semicon race by 2032.

The government envisages setting up 4-6 semiconductor fabrication units (semicon fabs) in the country, 10 outsourced semiconductor assembly and test (OSAT) facilities and six to 10 compound semicon plants in five years, according to the Ministry of Electronics and Information Technology’s (MeitY) overall plan charted last year.

Currently, one fab plant, being set up by the Tatas, is expected to start commercial production by mid-2028.

In the OSAT/assembly, test-

Global subsidy equation

- In India, 70% of project cost of a semicon plant is provided by the Centre & state through subsidy; ₹1.65 trillion being invested
- US govt provides \$52 bn in subsidy but has generated committed cumulative investment of \$650 billion

- In South Korea, subsidy was at \$23 billion, but pvt companies like Samsung and H K Hynix collectively committed \$590 billion
- Japan is estimated to have provided a subsidy of \$38 billion and total investment commitment of \$320 billion by 2030

ing, marking, and packaging (ATMP) space, already three plants are up and running — Micron, Keynes and CG Power, out of the nine cleared.

To put the Centre’s financial support — including the latest scheme for semicon — in global perspective, it is clear that the go-

vernment has made a substantial but despite developed countries being far ahead in the game.

The offer has been attractive — 50 per cent of the investment

of a plant in the private sector is being funded by the Centre (another 20 per cent is funded by state government). But the

incentive of the Centre has now been brought down to 35-40 per cent for fabs and 25-35 per cent in ATMP/OSAT plants.

However, whether this reduction in incentives would be attractive enough for the private sector to build more fabs and an ecosystem of suppliers to catapult the country into the top five globally — is the big question.

For instance, the US government, under the US Chips Act, offers an incentive package of \$52 billion. But the total investment — which includes government support and private sector investment from companies like TSMC, Micron, Intel and Samsung — is collectively pegged at \$650 billion.

In the European Union (EU), which is spread across numerous countries, the subsidy support is \$47 billion — more than double of India’s.

In Asia, however, India’s total commitment, in terms of subsidy, is nearly at par with South Korea. Under the Semiconductor Ecosystem Support Package

of 2024, South Korea had offered subsidies worth \$23 billion.

However, the big difference is that private companies like Samsung and S K Hynix are putting in huge investments in four fabs worth \$590 billion, with government only enabling them and providing infrastructure support.

In India, on the other hand, 70 per cent of the total ₹1.65 trillion investment for the projects will come from the government.

In Japan, the subsidy is estimated at \$38 billion but the combined government and private investment on ground till 2030 is estimated at \$320 billion.

In Malaysia, which is aiming to become a global OSAT/ATMP giant, government incentive is pegged at around \$5.3 billion but the total investment, including that of the private sector, is over \$19-24 billion.

China tops the pecking order, with incentives estimated at around \$95 billion. This comes as it takes on the US in the great semicon chip race.

SPECIAL WINDOW FOR RE-LODGEMENT OF TRANSFER REQUESTS OF PHYSICAL SHARES

Securities and Exchange Board of India ("SEBI") had discontinued transfer of physical shares from April 1, 2019. However, a special window was opened by SEBI from July 7, 2025 to January 6, 2026, for re-lodgement of physical share transfer requests originally submitted before April 1, 2019 but returned due to deficiencies in documentation.

In order to facilitate the Investors, the SEBI vide its Circular No. HO/38/13/11(2)2026-MIRSD-POD/1/3750/2026 dated January 30, 2026 has decided to open another special window for period of one year from February 5, 2026 to February 4, 2027. While lodging request under special window for transfer of physical shares, one of the mandatory requirements is submission of original share certificate which is as follows:

Execution Date of Transfer Deed	Lodged for transfer before April 01, 2019	Original Security Certificate Available?	Eligible to lodge in the current window?
Before April 1, 2019	No (it is fresh lodgement)	Yes	✓
	Yes (it was rejected / returned earlier)	Yes	✓
	Yes	No	✗
	No	No	✗

Further, the following cases shall not be considered under the aforesaid special window:

- Cases involving disputes between transferor and transferee.
- Securities which have been transferred to Investor Education and Protection Fund (IEPF).

Important Note: All shares re-lodged during this period shall be processed through the **transfer cum demat route**. Accordingly, the securities shall be **issued only in dematerialised (demat) form after transfer and shall be subject to a lock in period of one year** from the date of dematerialisation.

Shareholders who had missed the earlier deadline for re-lodgement of transfer deeds are encouraged to take advantage of this opportunity by submitting the requisite documents to the Company's **Registrar and Share Transfer Agent ("RTA")**, details of which are provided below. In case of any clarification, shareholders may contact the Company or the RTA at the addresses mentioned herein:

NOTICE OF 32ND ANNUAL GENERAL MEETING

NOTICE is hereby given that the **32nd Annual General Meeting (AGM)** of the Members of ICICI Bank Limited (Bank/Company) will be held on **Friday, August 21, 2026 at 11:00 a.m. IST** through **Video Conferencing/ Other Audio Visual Means (VC/OAVM)** to transact the Ordinary and Special Business, as set out in the Notice of the AGM in compliance with the applicable provisions of the Companies Act, 2013 and Rules made thereunder read with General Circular No.14/2020 dated April 8, 2020, General Circular No.17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 5, 2020 and other relevant circulars, including General Circular No. 03/2025 dated September 22, 2025 issued by the Ministry of Corporate Affairs (MCA).

The Bank has on July 18, 2026 sent the Notice of the AGM and Annual Report 2025-26 through electronic mode to those Members whose email addresses are registered with KFin Technologies Limited (KFintech), Registrar to an Issue and Share Transfer Agent (R & T Agent) for the equity shares of the Bank/ the Bank/ Depository Participants (DP). A letter containing the web-link and QR code for accessing the Notice of the AGM and Annual Report 2025-26 has been sent to those Members whose email addresses are not registered with KFintech/ the Bank/ DP. The physical copy of the Notice of the AGM and Annual Report 2025-26 will be sent to those Members who request for the same. The Notice of the AGM and Annual Report 2025-26 can also be accessed on the Bank's website at <https://www.icici.bank.in/about-us/annual>, website of the Stock Exchanges i.e. BSE Limited at www.bseindia.com and National Stock Exchange of India Limited at www.nseindia.com and on the website of the National Securities Depository Limited (NSDL) at www.evoting.nsdl.com.

Members can participate in the AGM through VC/OAVM facility by following the instructions mentioned in the Notice of the AGM. The Bank is pleased to provide its Members the facility to exercise their right to vote at the AGM by electronic means. The Bank has appointed NSDL for facilitating voting through electronic means. Members including those who hold shares in physical form or who have not registered their email address, can cast their votes electronically by following the instructions mentioned in the Notice of the AGM.

Members are also informed that:

- The **remote e-voting period** commences on **Monday, August 17, 2026 (9:00 a.m. IST)** and ends on **Thursday, August 20, 2026 (5:00 p.m. IST)**. The remote e-voting module shall be disabled by NSDL for voting thereafter. The remote e-voting shall not be allowed beyond the said date and time. Once the vote on a resolution is cast by a Member, the Member shall not be allowed to change it subsequently.
- The facility for e-voting will be made available to the Members during the AGM.
- Members who have cast their votes through remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their votes again.
- Members who have not cast their votes on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.
- A Person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the **cut-off date i.e. Friday, August 14, 2026** only shall be entitled to avail the facility of remote e-voting prior to the AGM and e-voting during the AGM.

6. Any person, who acquires shares of the Company and becomes a Member of the Company after the date of sending of the Notice of the AGM and holds shares as on the cut-off date i.e. Friday, August 14, 2026, can cast the vote by following the instructions mentioned in the Notice of the AGM.

In case of any queries or issues or grievances pertaining to e-voting, Members may refer to Help/FAQ's section at www.evoting.nsdl.com or call on 022-4886 7000 or send a request at evoting@nsdl.com or contact Mr. Suketh Shetty, Manager, National Securities Depository Limited, 3rd Floor, Naman Chamber, Plot C-32, G-Block, Bandra Kurla Complex, Bandra East, Mumbai - 400 051, Maharashtra at Msuketh.Shetty@nsdl.com. Alternatively, Members may also write to the Company Secretary of the Bank at iciciagm@icici.bank.in or call on 022-4008 8900.

The Board of Directors at their Meeting held on April 18, 2026 have recommended payment of dividend of ₹ 12 per fully paid-up equity share of face value of ₹ 2 each for the financial year ended March 31, 2026. The **Record Date** for determining the names of Members eligible for dividend on equity shares, if declared at the AGM, is **August 3, 2026**.

As per the prevailing provisions under the Income-Tax Act, 2025 (the Act), dividend paid or distributed by the Bank is taxable in the hands of the Members. The Bank shall therefore be required to deduct tax at source (TDS) at the prescribed rates at the time of making the payment of the dividend to the Members. All communications/queries in this respect should be sent at einward.ris@kfintech.com.

In order to enable the Bank to determine the appropriate tax rate at which tax has to be deducted at source under the respective provisions of the Act, Members are requested to provide/submit documents as applicable to them **on or before August 3, 2026 (6:00 p.m. IST)** at <https://ris.kfintech.com/client-services/investors/taxformsupload.aspx>. The dividend will be paid after deduction of tax at source as determined on the basis of the documents provided by the respective Members as applicable to them and being found to be complete and satisfactory in accordance with the Act. For more details, Members are requested to refer to the instructions mentioned in the Notice of the AGM.

Members holding shares in dematerialised form are requested to register/update their KYC details (including any change in address or bank account details) with their respective DP and Members holding shares in physical form are mandatorily required to register/update their KYC (including postal address, email address, permanent account number (PAN), bank account details etc.) by submitting duly filled and signed Form (SR-1 to KFintech, Unit: ICICI Bank Limited, Selenium Building, Tower-B, Plot No. 31 & 32, Financial District, Nanakramguda, Serlingampally, Hyderabad 500 032, Rangareddy, Telangana, India to facilitate payment of dividends which shall be paid exclusively through electronic mode.

Form ISR-1 is available on the website of the Bank at <https://www.icici.bank.in/about-us/invest-relations> and on the website of the R & T Agent at <https://ris.kfintech.com/client-services/isr/isrforms>.
